# DATA CENTER INFORMATION

## Facility Specifications UPS

Technical space arranged over different floors

Maximum Site Power: 6 MVA  
Carrier Connectivity: CenturyLink, Level3, T-Com, ATT, Versatel, Spectrum and many more

3 x 500kVA Hybrid Rotary UPS modules providing 1000kVA total output with N+1 redundancy

Fifteen-minute battery autonomy per UPS module

Dual redundant A&B distribution strategy

Underfloor power track distribution system

## Generators

1 (2 ultimate) x 2.5MVA diesel driven emergency power generators giving 2.5 MVA (5MVA ultimate)

Automatic start in less than one minute to feed 100% of the facility

Generators tested monthly

Fuel storage (diesel) for 24 hour continuous operation at 100% load

24/7 agreement with local fuel supplier

Minimum floor to ceiling height: depending on the data center, starting with 2.5 m

Raised Floor loading 12kN/m2

Structural Floor Slab:  
Ground Floor - 25kN/m2 First/  
Second Floors - 10kN/m2

## Fire Strategy

Use of non-inflammable and low-smoke, zero-halogen materials, where possible

No storage (especially of flammable materials) within technical space

Building split into sealed, independent, fire compartments

Smoke extract system activated by fire alarm

Double Interlocked pre-action dry pipe sprinkler system  
fire detection above and below raised floor

## Environment

750W/m2 average cooling capability over the gross space

Temperature regulated to below 26°C

Humidity regulated overall to 50%RH +/- 20%  
Technical areas positively pressurised

## Security

Remote 24 x 7 security monitoring

Full electronic access control system, based on proximity cards with photo and PIN keypads

Biometric Palm-scanners in addition for Colocation areas

Locks on colocation suites and cabinets

Card readers installed on private suites

Intruder detection system on escape and riser doors CCTV

CCTV monitoring and recording of all access points and circulation areas

## Standards

dust ingress  
ISO50001: Certified Physical

ISO27001, SOC1, ITAR etc.

4 MVA supply via dedicated underground 10V cable feeds to dedicated 2 x 2MVA (3 x 2 MVA ultimate) 10kV/400V transformer station

Optional: Donate 1€/user/month to an environmental initiative	Optional: Donate 2€/user/month to an environmental initiative	Optional: Donate 5€/user/month to an environmental initiative
The hybrid basic cloud subscription is ideal for businesses that are looking for an easier startup experience and a lower/flexible maintenance cost.	The premium hybrid cloud subscription includes resources designed for larger projects.	The software can be customised to best suit the specific environment with dedicated database and software resources

\*For Indirect User we grant 50% discount. The amount of the resources are half of the Professional Limited User subscription

\*\*The prices are partner prices and subject to the margin

\*\*\*Service exposed to the internet: web client; mobile apps; IDS; APS connect etc.

\*\*\*\*Additional charges: installation + setup

# CLOUD-HOSTING HANA/SQL

## Offer

### HYBRID CLOUD

#### Basic subscription

The hybrid basic cloud subscription is ideal for businesses that are looking for an easier startup experience and a lower/flexible maintenance cost.

- \*End-user 30 days Free Trial
- \*\*End-user 1 month free for 12 months contract
- No setup cost for 10 users or more

\*Regardless the final decision  
\*\*End of contract.  
Right to withdrawal.

### HYBRID CLOUD

#### Premium subscription

The premium hybrid cloud subscription includes resources designed for larger projects.

- \*End-user 30 days Free Trial
- \*\*End-user 1 month free for 12 months contract
- \*\*End-user 2 months free for 24 months contract; Free installation
- No setup cost for 20 users or more

\*Regardless the final decision  
\*\*End of contract.  
Right to withdrawal.

### DEDICATED CLOUD

The software can be customised to best suit the specific environment with dedicated database and software resources

- \*End-user 30 days Free Trial
- \*\*End-user 1 month free for 12 months contract
- \*\*End-user 2 months free for 24 months contract
- No setup cost for 50 users or more

\*Regardless the final decision  
\*\*End of contract.  
Right to withdrawal.

## COLOCATION - PURCHASED ON HANA/SQL

### BASE FEE / SERVER INCL. BACKUP DEVICE

MRC (monthly recurring charge)

Tier 2/3 certified environment, powered by Colt / Equinix

Second EU or US data center as a fall back if needed

Certified Data Center incl. Backup in Cabinets in 2nd Fire section

240/110 V redundant power strips

Redundant 100 MBit Connection full flat, shared

Sophos Next Gen Firewall incl. DialIn VPN or Site2Site

Backup Environment for SAP & SAP HANA and Windows incl. air gapped Backup

SSL Certificate from Comodo or Thawte

HALO: price / project (all standard SAP targets. (3rd party software not included)

**From 329 €**

### SOFTWARE SUBSCRIPTION

MRC (monthly recurring charge)

Maintenance per GB Memory

see the price list

Windows 2019 Server / 2022 Server per 2 Cores

16,15 €

RDP/RDS User License

8,50 €

Sophos MDR

15,50 €

Hypervisor SPLA License per GB

from 0,45 €

Backup Storage per TB

21,00 €

Office 365 E3

25,00 €

HALO: all standard SAP targets. (3rd party software not included)

price / project

The prices are partner prices and subject to the margin\*

## ADDITIONAL PRODUCTS & SERVICES

PRODUCTS & SERVICE	PRICE
DFS Fileserver incl. Replication with your local fileserver (AD Replication)	15,00 € / TB
Backup storage	26,00 € / TB
Additional memory	10,00 € / GB
Additional disc space (SSD)	15,00 € / 20 GB
Additional cores	5,00 € / 2 Cores
Additional virtual server (8 GB RAM, 200 GB HDD, 4 Cores)	45,00 € / server
Additional virtual server (16 GB RAM, 200 GB HDD, 8 Cores)	79,00 € / server
Additional virtual server (32 GB RAM, 200 GB HDD, 12 Cores)	120,00 € / server
Client VPN	5,00 € / user / month
Zero Trust Network	from 5,00 € / user / month
2FA subscription (mandatory with RDS)	5,00 € / user / month
Sophos MDR	19,95 € user / month
3rd Party support for M365 on RDS Servers incl. 1 GB Memory upgrad	7,95 € user /month

The prices are partner prices and subject to the margin\*

## MYWAVE.AI

---

MYWAVE	PRICE
No minimum users. First month free of charge, after that:	
Up to 10 users	7,00 € user / month
From 11 to 50 users	4,90 € user / month
More than 50 users	2,99 € user / month
OFFER	
Customers who migrate to iSystems cloud hosting within a year will get 75% cash back	
Customer who migrate to iSystems cloud hosting within 24 month will get 50% cash back	
Customers who migrate to iSystems maintenance for on-premises or buy an iSystems on-premises solution will receive 100% cashback
